## Leaflet for Comprehensive NEET

(2 year course for 10th passed students)

### About Bakliwal Tutorials

Bakliwal Tutorials - IIT (BT) was started in March 2005 with the aim to help students preparing for IIT-JEE, realize their dreams, and to make sure that the preparation process itself becomes a fun filled and growth involving experience. The institute is successfully doing so and is now training more than 3000 students across various courses & centers. In the last 11 years more than 700 students from BT have cleared IIT-JEE (now JEE-Advanced), with unparalleled results.

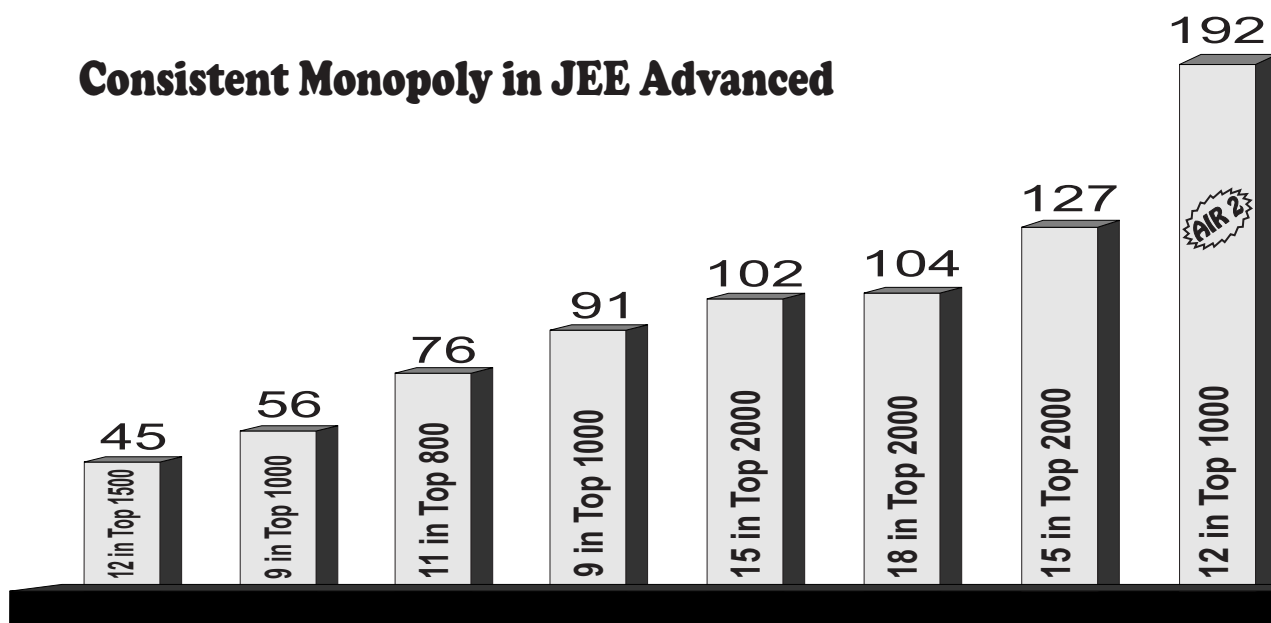

We are pleased to announce starting this year Comprehensive (NEET) course. We would like to replicate our IIT-JEE experience and bring BEST PRACTICES in teaching methods and assessment from JEE coaching to NEET coaching

Students in Pune currently join independent Physics, Chemistry & Biology free lance teachers, run-around wasting a lot of time due to non availability of a reliable, transparent and ethical coaching institute preparing students for PCB NEET. We would like to share with you our JEE results.

## About Medical Entrance Exams

In order to gain admission to Medical Colleges in India you need to write an exam called NEET.

The difficulty level of Physics & Chemistry is similar to the JEE Main examination. In this exam there is 50% emphasis on Biology and 50% emphasis on Physics & Chemistry put together.

This exam is of 3 hour duration and has 180 MCQ questions. There are 90 questions of Biology and 45 questions each of Physics & Chemistry.

All general category candidates who pass PCB & English separately and score aggregate marks more than 50% are eligible for admission to Medical College.

## About Comprehensive NEET Course

To succeed in NEET exam, a student requires a thorough understanding of Physics, Chemistry and Biology and must develop ability to solve questions with Accuracy and speed.

We would like to replicate our IIT-JEE experience and bring BEST PRACTICES in teaching methods and assessment from JEE coaching to NEET coaching. Students in Pune currently join independent Physics, Chemistry & Biology free-lance teachers, run-around the city wasting a lot of time due to non availability of a reliable, transparent and ethical coaching institute preparing students for PCB & NEET.

Keeping this in mind, our course focus on:

- Core concepts and fundamentals.
- Sharpening analytical skills and developing problem solving abilities.
- Speed building through intensive problem solving sessions and tests.
- LCD projector assisted Biology classes to help students visualize complexities.
