About Bakliwal Tutorials

Bakliwal Tutorials (BT) was started in March 2005 with the aim to help students preparing for IIT-JEE, realize their dreams, and to make sure that the preparation process itself becomes a fun filled and growth involving experience. The institute is successfully doing so and is now training more than 2500 students across various courses & centers. In the last 15 years more than 1200 students from BT have cleared IIT-JEE (now JEE-Advanced).

Year after year our selections in top 1000/2000/5000/10000/overall are substantially more than any other institute in Pune. Our success ratio is one of the best amongst all institutes across the country.

Amongst the JEE training institutes in the country, BT has become synonymous with ethics and transparency. We give contact details of all our JEE Advanced qualified students on our website, in the results section. All our qualified students have been our regular classroom students and not distance learning, test series or crash course students.

We earnestly request parents to objectively compare the result of institutes by visiting the results page of their websites and not fall for marketing blitzkrieg.

Results speak louder than words!

About Foundation Accelerated Course

The Foundation course at BT is thoughtfully designed to help students crack quality competitive exams. The Physics, Chemistry & Mathematics lectures and the corresponding assignment sheets are carefully planned to help early generation of interests in these subjects. The logic lectures further facilitate in developing the students analytical thinking and problem-solving abilities. The **introduction of Coding** lectures this year would also ensure that students understand the basic concepts of coding from this age itself, thereby giving them a competitive edge.

This year, we shall offer **2 lectures per week** in the Foundation course thereby doubling the contact hours. Each lecture would be of 3 hours duration, with a 15 mins break in between. In addition to these 2 lectures per week, few special lectures will also be conducted for **preparation of important exams like NTSE, Junior science olympiads, pre RMO** etc.

Foundation Accelerated course formats:

The Foundation Accelerated course is offered in 2 formats:

1. Foundation Accelerated Synergy (Offline + Online)
2. Foundation Accelerated Online (Completely online)

1. Foundation Accelerated Synergy:

In this format, every week, 1 lecture will be conducted in classroom coaching mode at our Deccan centers and 1 lecture would be conducted in online mode. Online lectures would be live lectures at a specified day and time, which the students can attend from the comfort of their homes.

2. Foundation Accelerated online:

In this format, students will attend both lectures per week online itself. Online lectures would be live lectures at a specified day and time, which the students can attend from the comfort of their homes.

*** If student's wish, they would be allowed to shift from one format to another anytime during the course, depending on seat availability. ***

Selection for the Foundation Accelerated Course shall be based on the performance in this Entrance test

Entrance Program Date - 23rd January 2021 (Saturday)

Every year, we conduct this entrance program in offline mode. However, this year, due to the Covid-19 situation, the entire entrance exam process will be conducted ONLINE.

3.45 pm - Reporting Time (Log into the Zoom Meeting)

4:00 to 5:30pm - Online IQ based test

6:00 to 8:00pm - Parents & students online interaction with Vaibhav Bakliwal Sir

1. As soon as you register for this entrance exam, you shall receive a confirmation mail about the same from us. One of our staff members shall call you after you register and can be your one point contact for all your queries.
2. You shall receive a practice test link 2 days before the examination, containing 5 questions. Student should take that test to get used to writing a test on the online portal and report the difficulty faced if any.
3. The actual entrance exam would be conducted on 23rd January from 4 pm onwards as per the above schedule. A stable internet connection shall help in smooth conduction of the test.
4. Result (which includes the type of batch and the scholarship won, if any) of the test shall be communicated within 48 hours via Email and SMS.
5. In that Result email, we shall invite qualified students & parents to attend an online session on a specified date and time for Entrance exam review & answering further queries, if any.
6. The fee for this entrance exam would be Rs. 200 only.

Start date of the course:

The Foundation Accelerated 2022 course will begin from **23th May, 2021, Sunday.**

Types of Batches:

Getting the best students together is one of the attributes that is common across all the top rank producing institutes in the country. The concept of '**merit wise batches**' allows students to study with their peers of relatively the same intelligence level. This maximizes the personal growth of students and even the teachers are able to plan their lectures well. This also creates a spirit of positive & healthy competition among the students.

Types of Batches: In Foundation Accelerated course, there are 2 types of batches.

1. **Champions of Champions (COC)** - Students who perform exceptionally well in the entrance exam are selected for COC batch.

2. **Champions** - The next set of students who perform well get selected for the Champion batch.

To begin with, students shall be allotted batches as per their performance in the entrance exam. In Foundation Accelerated course, after every 8 weeks, we conduct an offline BTest. Based on the performance in this BTest, batches will be re-allotted to students.

Course Material & Online testing platform

BT provides its own Course material and recommends a few books for additional study which the student needs to arrange. It also provides an online testing platform which is used to conduct various practice tests and online BTests (once every 8 weeks). This Online platform provides a detailed & personalised analysis of the student's performance like time spent to solve each question, subject wise comparison with toppers, topic wise strength & weaknesses etc. giving vital inputs for improvement in the examination technique.
