## Director's Desk

### Hearty Welcome!

We appreciate your sincerity and determination to clear the important examination ahead of you. Your decision to consider Bakliwal Tutorials to be your trainer bears ample testimony to your resolve.

Every smart individual realizes the importance of expert help at the right juncture. Behind every Edmund Hillary triumphantly waving a flag at the pinnacle is month of toil under the watchful eyes of a committed trainer. For the past 18 years, we at BT have been that trainer for many a successful students.

So, do we have some magic formula that will open the gate of a favorite institute for you? No, we do not.

There is no substitute for all the hard work that you alone must put in. What we do have is the knowledge, expertise and the right classroom culture. Our knowledge will tell you how to channelize your efforts and how to focus your attention so that you are able to achieve maximum in minimum time. Our expertise will take you through so many simulations that when you face the real test you will have confidence of being on familiar ground. Our classroom culture will help you stay positive and motivated throughout.

We have a simple definition of our success: When you succeed, we succeed.  
Once again welcome to the BT family, welcome to success!

Sincerely,  
Vaibhav Bakliwal

Mr. Vaibhav Bakliwal did his B.Tech in mechanical engineering from the IIT Bombay after which he worked with TATA motors for a year. But his penchant for teaching made him create Bakliwal Tutorials (BT) in April 2005. BT began with the aim to help students preparing for IIT-JEE, realize their dreams; and to make sure that the preparation process itself becomes a fun-filled and growth-involving experience.

The institute is successfully doing so and is now training more than 3500 students at its various centers for various courses. BT is a leading institute for JEE and has produced many Maharashtra toppers and single digit All India Ranks.

Apart from his love for studies and students, he also loves music, solving puzzles and playing chess. He has been Rajasthan Under-18 chess champion and has played in many national level championships. He was also class representative for his batch, general secretary for the mechanical department and board games secretary for the institute at IIT Bombay. Vaibhav sir very deservingly is also the vice president (Academics) of the coaching federation of India.

He has truly been an inspiration to thousands of students aspiring for the coveted IITs.

**Committed to create ethical, rational & powerful human beings who will bring a positive difference to the society**

## What makes BT different?

### 1. 'Genuine results': Power of BT!

Unlike most institutes which thrive on fake results, we believe in absolute transparency. All the ranks mentioned by us belong to the general category unless otherwise specified clearly. All the results correspond to our classroom students. **We have also given contact details of all our IIT-JEE/JEE Advanced qualified students till date, on our website, in the results section.** We are yet to come across an institute in entire India which has the honesty, courage & confidence of declaring their results, consistently year after year, in such a transparent manner.

### 2. Regular revision lectures & doubt clearing sessions

Apart from doubts discussed during the lecture, there will be various ways through which students can get their doubts cleared. Following are the platforms which students can use for the same:

- **After the lecture**

In addition to the doubts discussed during the lecture, each 3 hour lecture will be followed by a 20 mins doubt session. In these 20 mins, teachers will be available for doubt discussion (both in online and offline lecture). Students can make use of this extra time to interact with teachers personally and get their doubts solved.

- **Doubt sessions**

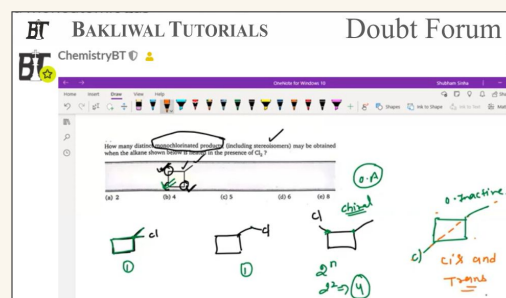

In addition to the above, separate doubt sessions (both online & offline) are also conducted regularly of higher duration. In such doubt sessions too, students can interact with the teacher on a one-to-one basis and get their doubts cleared.

- **Doubt Forum**

Bakliwal Tutorials has an interactive doubt forum with exciting features where students can post their doubts and also solve the doubts of other students. Teachers also provide detailed video solutions of the doubts in the forum. The questions are easily searchable and are systematically available for reference and learning. Despite being a closed forum, meant exclusively for BT students, BT's forum is amongst the top results in Google search.

- **Telegram group**

Official Telegram groups (similar to WhatsApp groups) are created batch-wise with the sole purpose of doubts discussion. Students can post their doubts in that group and fellow batch mates along with teachers will participate to solve the same. This helps students to get instant solutions to most of their doubts at almost any time of the day.

### 3. Competent and committed faculty team

Many students at BT have quoted in their testimonials that BT means "Brilliant Teachers". Over the years, more than 10,000 teachers have applied at BT. Through a stringent selection process which involves 2 rounds of rigorous interview, written test and demo lecture, we select the best out of them.

Unlike other coaching classes which have only 1 or 2 'good' teachers, each and every faculty at BT is extremely knowledgeable, approachable and passionate about teaching. Most of the teachers at BT are IITians or passouts from an equivalent top college. Feedback of almost all teachers at BT, as frequently taken from students, is more than 9 out of 10.

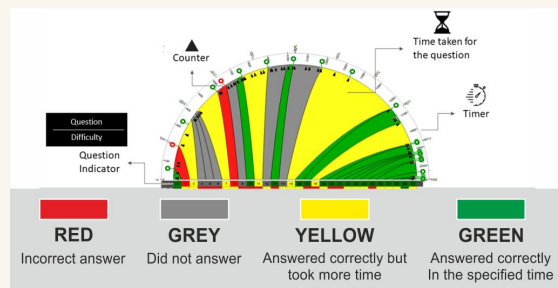

[Director's Desk](#)[What makes BT Different ?](#)[Toppers Speak](#)[About Course](#)[Biology: Optional Subject](#)[Fee & Course Material](#)[Contact Details](#)

## What makes BT different?

### 4. Offline & Online tests with detailed analysis

Offline and Online Tests at BT (called BTests) are thought provoking and bear close resemblance to the actual JEE paper. We analyse the tests from a student's perspective providing detailed and in-depth analytics on time management and test taking strategy. The Analytics of ONLINE test is available immediately after the submission of the Test. The analysis of OFFLINE test is mailed and also uploaded on the BT website.

Some of the parameters on which student's performance is analysed are:

- **Subject analysis:** Students get to know their performance in each subject along with time spent per subject per question.
- **SWOT Analysis:** Student's can clearly see the topics in which they are strong or weak and then can easily decide the time to be spent on each topic going forward.
- **Analysis as per question type:** Questions in each test are tagged as per various types (single option correct, multiple options correct, integer type etc.) and students get to know how they fared under each type giving them an understanding of where they need to improve.
- **Attempt Analysis:** A unique analysis of questions attempted by the student according to their difficulty and trickiness level is provided to the student to give an understanding of whether the easier questions were attempted earlier than the difficult questions or not.

### 5. Merit wise batches

Merit based batches is one of the attributes that is common across all the successful JEE institutes across the country. It is a proven fact that when students study with peers of relatively same intelligence level, they are able to learn more and even the teachers are able to plan their lectures well. This also creates a spirit of positive & healthy competition among the students.

### 6. Focus on Boards & MHT-CET as well

We at BT teach the basic concepts so well that the student understands the subject to the core and then it is just a matter of a little bit of tuning according to the different exams. We ensure that the students get thoroughly prepared for the board exams & other popular exams like MHT-CET, BITSAT, Olympiads etc as well.

After the syllabus is completed in 12th std (sometime in October), we conduct special lectures for Boards/BITSAT/CET preparation. In such lectures, students are trained as per the different pattern of these exams and mock tests of all these exams are also conducted.

Students at BT have been doing exceptionally well in Boards, BITSAT, MHT-CET & other exams.

### 7. Study room & Library facility

In addition to the classrooms, separate study rooms are maintained which are dedicated for students for their self studies. Students can sit in that room before/after the class or any other time to study alone or do some group studies. Students can also make use of the various reference books available in the library.

## What makes BT different?

### 8. Academic Diary for self improvement

At BT, we strongly believe that “deliberate practice, and not just practice, makes one perfect”. With this intention, we provide an academic diary to our Comprehensive course students where they can continuously analyze (monitor) the progress of their preparation and accordingly chart out improvement plans. The diary consists of the following sections:

- **Dashboard:** On this page, parents and students can see all the details related to their Attendance, BTest Performances, Weekly Tests etc. at one glance.
- **Weekly Study Planner:** In this section, student needs to plan their studies on a weekly basis, jot down the subject wise topics which they plan to study in a particular week and keep a track of the same. Parents and teachers also monitor the same.
- **BTests analysis:** In this section, student analyze each and every test he takes at BT and jots down important learnings derived from the same.
- **Important BTest questions:** In this section, after each test, student notes down the important questions from that test which should be revised during the time of revision. This helps the student to revise all the important concepts systematically during revision.
- **Confidence builder:** In the last section, student tracks their preparation and confidence level subject wise and topic wise during revision. Student can accordingly devote more time to topics/subjects where confidence level is low.

All in all, this academic diary if used sincerely can lead to immense self improvement during the 2 year preparation and make him/her a worthy and successful student.

### 9. BT culture

Out of the box events like Whizz-kid (puzzle competition), felicitation function, birthday celebrations, pledge day, picnics, seminars, counseling session after JEE result etc truly make BT different.

### 10. Interaction with parents on child's progress

We ensure that we stay connected with parents through various ways and keep them in loop with respect to their child's progress during the preparation. Teachers periodically check the homework of students and parents are informed on the same. Parents are also sent attendance SMS for every lecture and test results with detailed analysis are shared with them after every test. We also conduct a seminar on effective parenting where we share our views on how parents can contribute in child's studies. PTM is occasionally conducted where one to one feedback is provided to them etc. Parents can also meet teachers occasionally after lecture. Thus, parents are kept totally involved during the entire journey so that we work together for the intellectual growth of the child.

### 11. Insightful Seminars

In addition to the regular lectures, special seminars on various topics are conducted at regular intervals to guide the student on mental and other aspects which are important for JEE preparation along with the academics part. Special seminars/interaction sessions are also conducted with parents where we discuss with them as to what can be their role on their child's preparation. This ensures students are highly motivated and aware about all the important aspects during their JEE preparation journey.

*It has been a long association of 4 years. At BT, though we were actually taught PCM, we unknowingly also underwent personality development. I feel tremendously confident and positive about my merit. I have grown a lot more confident in facing challenging problems; not just in exams, but in life as well. This confidence is nothing but BT's gift to me.*

*My main phase of preparation was the Comprehensive Course in 11<sup>th</sup> & 12<sup>th</sup>. These 2 years have been the most fruitful & memorable years of my life, and not only did I study PCM in great depth, but I also transformed as a person. In my opinion, JEE is not only a test of PCM skills, but also of perseverance, dedication and presence of mind.*

Exam.	Syllabus	Difficulty level	Affiliated colleges
<b>JEE Advanced</b>	Similar to PCM of 11th & 12th std. (All boards)	Difficult	Various IITs (Indian Institute of Technology), IIST (Indian Institute of Space Science & Technology), IISC (Indian Institute of Science), various IISERs (Indian Institute of Science Education and Research)
<b>JEE Main</b>	Similar to PCM of 11th & 12th std. (All boards)	Moderate	Various NITs (National Institute of Technology), IIITs (Indian Institute of Information Technology), GFTIs (Govt Funded Technical Institutes), few prominent private colleges & 15% in most Maharashtra engg. colleges
<b>BITSAT</b>	Similar to PCM of 11th & 12th std (All boards)	Moderate/ Easy	Various BITS (Birla Institute of Technology & Science)
<b>MHT CET</b>	PCM of 11th & 12th std. (HSC board)	Easy	COEP Pune, VJTI Mumbai, PICT Pune & other engg. colleges of Maharashtra

- Few other good institutes like VIT, SRM, KIT, IPU, MU etc. conduct their own exam.
- All of the exams are conducted after the 12th grade board exams.

**\* If you study PCM properly, you are prepared for all competitive exams.\***

### About Winter + Summer Foundation Course

The Winter + Summer Foundation course is primarily meant for students who are **currently in 8th/9th std.**

Instead of joining the Foundation Basic/Accelerated course next year, these students will have an option of completing the syllabus of Foundation Basic course this year itself when they are in 8th/9th std through Winter + Summer Foundation course. They can then join the next level which is Foundation Advanced course in their 9th/10th std.

The Winter + Summer Foundation course is thoughtfully planned in 2 slots. 1st slot shall be conducted from **4th Dec, 2023 to 18th Feb 2024** with 3 lectures per week. 2nd slot shall be conducted from **8th April 2024 to 5th May 2024** with 6 lectures per week. Completing both the slots shall ensure that students have covered full syllabus of Foundation Basic course and shall be ready to join the Foundation Advanced course which will begin from 3rd week of May 2024.

## About Winter + Summer Foundation Course

There will be a cycle of 3 lectures each of Physics, Chemistry and Maths followed by a BTest Examination based on the topics taught. This cycle will be repeated 3 times during the course. Logic & Coding subjects shall be introduced during the Summer months. All BTests are conducted on Sundays in the ONLINE mode. The results of BTests are sent to the students via SMS and Email.

### Tentative Winter Course Plan

Week	From	To	Physics	Mathematics	Chemistry	Biology (Optional)
1 to 3	4 Dec 2023 (Monday)	22 Dec 2023 (Friday)	Vectors and Kinematics	Number System, Ratios, LCM and HCF and other basic concepts in Mathematics	Basic Principles of Chemistry, Basics of Mole Concept	Crop Production and Management, Microorganisms: Friend and Foe
24 Dec 2023 (Sunday) - BTest 1						
4 to 6	25 Dec 2023 (Monday)	12 Jan 2024 (Friday)	Uniform Accelerated Motion, Vector Subtraction & Graphs	Linear Equations in 2 Variables, Quadratic Equations	Chemical Equations, Types of Chemical Reaction	Cell – Structure and Functions, Reproduction in Animals
14 Jan 2024 (Sunday) - BTest - 2						
7 to 9	15 Jan 2024 (Monday)	2 Feb 2024 (Friday)	Newton's Laws of Motion, Friction	Permutations and Combinations and Probability	Balancing of Redox Reactions, Equivalent Weight and Normality	The Fundamental Unit of Life, Tissues
4 Feb 2024 (Sunday) - BTest - 3						
10 & 11	5 Feb 2024 (Monday)	16 Feb 2024 (Friday)	Momentum and Collisions	Trigonometry	Structure of Atom (electron, proton, neutron discoveries, atomic models)	Diversity in Living Organisms, Human health and diseases
18 Feb 2024 (Sunday) - BTest - 4 (Full Syllabus)

## Biology as an optional subject in the course

On much demand, BT has introduced Biology subject in the Foundation course, from last year. Opting for Biology will be optional for students. Students who are inclined towards medical entrance exam preparations or are currently unclear in general which field to choose after 10th std, can keep their options open by opting for Biology along with the other subjects (Physics, Chemistry, Math, Logic & Coding) in the Foundation course.

Biology lectures will be conducted every Saturday (during Winter months) in online mode only from 6 pm to 9.20 pm. Hence, students opting for Biology will have 4 lectures per week during the Winter months.

### Biology Course Plan

• Crop Production and Management
• Microorganisms: Friend and Foe
• Cell – Structure and Functions
• Reproduction in Animals
• The Fundamental Unit of Life
• Tissues
• Diversity in Living Organisms
• Human health and diseases

### Fee for Biology:

An additional fee of Rs 5,000/- will be charged for students opting for Biology in the Foundation course.

*Note: BT will leave no stone unturned in ensuring that same quality teaching is maintained in Biology as well like all the other subjects.*

## Fee Schedule & Course Material

Rs 36,000/- (inclusive of all taxes)

Rs 41,000/- **with Biology** (inclusive of all taxes)

- Fee once paid is not refundable.

### Course Material & Online testing platform

BT shall provide its own course material and recommend a few books for additional study which the student will need to arrange. It shall also provide an online testing platform which will be used to conduct various practice tests and **ONLINE BTESTS** (Total 5 Tests). It shall provide a detailed & personalised analysis of the student's performance like time spent to solve each question, subject wise comparison with toppers, topic wise strength & weaknesses etc. giving vital inputs for improvement in the examination technique.
