At Bakliwal Tutorials (BT), for the last 20+ years, we have served thousands of impressionable students who have turned into rational, ethical, and influential beings, contributing to a better society. Throughout this journey, students and parents have graciously bestowed immense affection and support upon us. As we have completed our 20+ years this year, we feel humbled and grateful. We pledge to continue innovating and providing top-quality services to our students. Year after year, BT consistently produces the highest number of JEE ranks (Top 1000/ 2000/ 5000/ 10000/ Overall) in Pune, with one of the best success ratios nationally. Known for our ethics and transparency, we are the only institute in the country that publishes the contact details of all our JEE Advanced qualified classroom students along with their other achievements. We encourage parents to make informed decisions by objectively comparing results on institute websites, rather than relying on marketing claims.

Director's Desk

Hearty Welcome!

We appreciate your sincerity and determination to clear the important examination ahead of you. Your decision to consider Bakliwal Tutorials to be your trainer bears ample testimony to your resolve.

Every smart individual realizes the importance of an expert help at the right juncture. Behind every Edmund Hillary triumphantly waving a flag at the pinnacle lies months of toil under the watchful eyes of a committed trainer. For the past 20 years, we at BT have been the trainers for many such successful students. So, do we have some magic formula that will open the gate of a favorite institute for you? No, we do not.

There is no substitute for all the hard work that you alone must put in. What we do have is the knowledge, expertise and the right classroom culture. Our knowledge will tell you how to channelize your efforts and how to focus your attention so that you are able to achieve maximum in minimum time. Our expertise will take you through so many simulations that when you face the real test you will have confidence of being on familiar ground. Our classroom culture will help you stay positive and motivated throughout.

We have a simple definition of our success: **When you succeed, we succeed.**

Once again welcome to the BT family, welcome to success!

Sincerely,

Vaibhav Bakliwal

Mr. Vaibhav Bakliwal did his B.Tech in Mechanical Engineering from IIT Bombay after which he worked with TATA motors for a year. But his penchant for teaching made him build Bakliwal Tutorials (BT) in April 2005. BT began with the aim to help students preparing for JEE, realize their dreams; and to make sure that the preparation process itself becomes a fun-filled and growth-involving experience.

The institute is successfully doing so and is now training more than 6000 students studying in different courses at its various centers. BT is a leading institute for JEE and has produced many Maharashtra Toppers and single digit All India Ranks.

Apart from his love for studies and students, he also loves music, solving puzzles and playing chess. He has been Rajasthan Under-15 & Under-18 Chess Champion and has played in many National level championships. He was also class representative for his batch, General Secretary for the Mechanical Department and board games secretary for the institute at IIT Bombay.

Vaibhav sir very deservedly is also the Vice President (Academics) of the Coaching Federation of India (CFI). He has truly been an inspiration to thousands of students aspiring for the coveted IITs.

Committed to create ethical, rational & powerful human beings who will bring a positive difference to the society.

Upholding 20 Years of Legacy

- We have affectionately served many **tens of thousands** of impressionable students who have turned into **rational, ethical, and influential** beings, contributing to a **better society**.
- The way we focus on **concepts & logic** rather than **rote learning**, our students experience the joy of learning which stays with them through **college and beyond**.
- Most BT alumni are **excelling at IITs** & in their careers. For example, recently, at **IIT-Bombay**, our student **Vedang Asgaonkar** was conferred the prestigious **President Gold medal** for being the overall batch topper across all departments.
- At BT, we celebrate **Logic** and we have been the **pioneers of the Foundation course in Pune**, which we introduced in **2006**, setting a trend in **early preparation**.
- We have had **single digit ranks in JEE seven times**. No other institute in **Pune** has ever produced a single digit rank in **JEE Advanced**. Apart from the top ranks, the **total number of students** from BT that go into **top colleges** is **unparalleled**.
- Most national players are **financially struggling** & have expanded uncontrollably through franchisees. We are a **strong & stable organisation** with no franchisees and our **commitment** towards students is **unmatched**.
- We attract the best of the teachers from across the country due to our **ethical work Culture** and **rewarding remunerations**.
- As we complete our **20 years**, we feel **humbled and grateful**. We pledge to continue **innovating** and providing **top-quality services** to our students.

BT Course Flowchart

(In terms of class/standard as on May 2026)

The Pre-Foundation course has 2 levels:

1. Pre-Foundation Basic
2. Pre-Foundation Advanced

A student is able to cover these levels depending upon his/her current standard.

Students who are moving to 6th standard, can complete both the levels: Pre-Foundation Basic in 6th standard & Pre-Foundation Advanced in 7th standard.

Students who are moving to 7th standard can complete Pre-Foundation Basic in 7th standard & then move to Foundation Basic in 8th standard.

About Pre-Foundation Basic Course

Course details

In today's fast-paced world, deep analytical thinking, an essential skill for excellence, is often missing. The **Pre-Foundation Course at BT** is a thoughtfully designed program that nurtures this ability early through engaging Math fundamentals, logic-based exercises, and age-appropriate riddles. We believe most students are naturally gifted but often under-nurtured by an information-heavy system, and this course helps bridge that gap.

- Students learn Math and Logic in a fun, interactive way from highly experienced teachers. Lectures are held once a week for **3 hours 30 minutes**, including time dedicated to one-to-one doubt solving.
- Every week, students also attend an additional **4-hour doubt-solving/problem-solving session**, ensuring clarity and strong conceptual grounding.
- After every lecture, students take a **30-minute online Practice Test**. A **3-hour Pre-BTest practice exam** is held a few days before the BTest, followed by a **3-hour BTest every 4 weeks**, which determines batch shuffling and progression to the next level.

Overall, this course is perfectly crafted to build strong thinking skills while giving students an early and exciting exposure to the competitive exam environment.

Course formats

The Pre-Foundation course is offered in 2 formats:

1. Pre-Foundation Offline
2. Pre-Foundation Online

1. Pre-Foundation offline:

In this format, all the lectures will be conducted in classroom coaching mode (offline mode). The student can choose a center of his/her choice (out of the options available in this format). The monthly BTest shall also be conducted in the offline mode.

2. Pre-Foundation online:

In this format, students shall attend all lectures in online mode only. At BT, the online lectures are live and also lively where students participate via chat and by un-muting themselves responsibly. The monthly BTest shall also be conducted in the online mode.

If students wish, they will be allowed to shift from one format to another at any time during the course, based on seat availability.

About Pre-Foundation Basic Course

Doubt clearing platforms

Apart from doubts discussed during the lecture, there will be various ways through which students can get their doubts cleared. Following are the platforms which students can use for the same:

1. **Doubts during breaks or after each lecture:**

Students can utilize break time (15 mins) or the period after lecture (15 mins) to engage with teachers individually and clarify their doubts.

2. **Availability of teachers for doubts at centers for entire day:**

At all centers, teachers dedicated for doubts are available throughout the day where students can discuss their doubts personally with them on a one-to-one basis.

3. **Online doubt sessions:**

In addition to regular weekly lectures, we shall also conduct two online doubt sessions every week where students can interact with the Teacher and get his/her doubts cleared.

4. **Doubt Forum:**

Bakliwal Tutorials has an interactive doubt forum with exciting features where students can post their doubts and also solve the doubts of other students. Teachers also provide detailed video solutions of the doubts in the forum. The questions are easily searchable and are systematically available for reference and learning. Despite being a closed forum, meant exclusively for BT students, BT's doubt forum is amongst the top results in Google search.

5. **Telegram Group:**

Official Telegram groups (similar to WhatsApp groups) are created batch-wise with the sole purpose of doubts discussion. Students can post their doubts in that group and fellow batch mates along with teachers will participate to solve the same. This helps students to get instant solutions to most of their doubts at almost any time of the day.

About Pre-Foundation Basic Course

Course material & Online testing platform

We will provide our own Course material with detailed theory and problems of all the topics which we shall cover in this course. We will also provide an online testing platform which is used to conduct various practice tests and online BTests (once in every month). This Online platform provides a detailed & personalised analysis of the student's performance like time spent to solve each question, subject wise comparison with toppers, topic wise strength & weaknesses etc. giving vital inputs for improvement in the examination technique.

Students opting for Completely offline format will be requested to collect the study material from their nearest BT center in Pune. Students opting for a completely online format will get the study material via courier free of cost (within India). Overseas students will be expected to bear the courier charges.

Types of Batches

Getting the best students together is one of the attributes that is common across all the top rank producing institutes in the country. The concept of 'merit wise batches' allows students to study with their peers of relatively similar preparedness. This maximizes the personal growth of students and even the teachers are able to plan their lectures well. This also creates a spirit of positive & healthy competition among the students.

Types of Batches: In the Pre-Foundation Basic course, there are 2 types of batches.

1. **Champions of Champions (COC)** - Students who perform very well in the entrance exam are selected for the COC batch.
2. **Champions** - The next set of students who perform well get selected for the Champions batch.

Students who do not perform even up to a bare minimum level are not offered admission.

To begin with, students will be allotted batches as per their performance in the entrance exam. In the Pre-Foundation Basic course, after every 4 weeks, we conduct a BTest. Based on the performance in this BTest, batches will be re-allotted to students after BTest-1 & BTest-3 on merit maintaining their location preferences.

Start date of the course

The course will begin in the week of **8th June**, 2026 depending upon the scheduled days of the batches.

In case a student has already availed any other scholarship at the time of admission process and has qualified for this scholarship as well, higher of the 2 amount shall be applicable for him/her. Also, based on the same criteria, additional scholarship shall be offered for the next course as well.

Note :

- No student can avail more than one scholarship. In case a student is qualifying for multiple criteria, which ever criteria has the higher amount will be awarded to the student.
- All the above scholarships are applicable for the achievements after April 2024 till the beginning of the course (June 2026).
- Students who do not enroll (within a week from the day of BT's entrance exam result declaration) would not be entitled for any scholarship.

Assistance for Carpooling or deciding Van-vendors

Just before the offline lectures begin, once your batches at BT have been finalised, we'll get the location details of the students interested in carpooling or in joining the van service. We shall then divide these students in small groups such that students living in the vicinity of each other and who have been allocated the same batch at BT will be in the same group. We'll then share the details of students in the same group with each other so that can then coordinate with each other and decide to either carpool or join some van service.

We have a list of some van vendors who have been providing such service to our students from a few years. Please note that BT is in no way associated (financially or otherwise) with any of these vendors. Senior BT students have given good feedback about them and hence we are recommending them. All the related financial transactions need to be done directly with the transport service provider only.

For viewing the list of these responsible Van Vendors visit:

What makes BT different?

1. Unparalleled Genuine Results: Power of BT!

Unlike most institutes which do not even publish their result on their websites and thrive on fake results, we believe in absolute transparency. All the ranks mentioned by us belong to the general category unless otherwise specified clearly. All the results correspond to our classroom students. We have also given contact details of all our IIT-JEE/JEE Advanced qualified students till date, on our website, in the results section. We are yet to come across an institute in entire India which has the honesty, courage & confidence of declaring their results, consistently year after year, in such a transparent manner.

2. Offline & Online tests with detailed analysis

Offline and Online Tests at BT (called BTests) are thought provoking and bear close resemblance to the actual JEE paper. We analyse the tests from a student's perspective providing detailed and in-depth analytics on time management and test taking strategy. The analytics for the Online test are available immediately after test submission. The analytics of the Offline test are emailed in a couple of days.

Some of the parameters on which students' performance is analysed are mentioned below:

- **Subject Analysis:** Students get to know their performance in each subject along with time spent per subject per question.
- **SWOT Analysis:** Students can clearly see the topics in which they are strong or weak and then can easily decide the time to be spent on each topic going forward.
- **Analysis as per question type:** Questions in each test are tagged as per various types (single option correct, multiple options correct, integer type etc.) and students get to know how they fared under each type giving them an understanding of where they need to improve.
- **Attempt Analysis:** A unique analysis of questions attempted by the students' according to their difficulty level is provided to the students' to give an understanding of whether the easier questions were attempted earlier than the difficult questions or not.

3. Merit wise batches

Merit based batches is one of the attributes that is common across all the successful JEE institutes across the country. It is a proven fact that when students study with peers of relatively same intelligence level, they are able to learn more and even the teachers are able to plan their lectures well. This also creates a spirit of positive & healthy competition among the students.

4. Focus on Boards & MHT-CET as well

We at BT teach the basic concepts so well that the student understands the subject to the core and then it is just a matter of a little bit of tuning according to the different exams. We ensure that the students get thoroughly prepared for the board exams & other popular exams like MHT-CET, BITSAT, Olympiads etc as well. After the syllabus is completed in 12th std (sometime in October), we conduct special lectures for Boards/BITSAT/MHT-CET preparation. In such lectures, students are trained as per the different pattern of these exams and mock tests of all these exams are also conducted. Students at BT have been doing exceptionally well in Boards, BITSAT, MHT-CET & other exams (details of the same have been updated on the website link: https://www.bakliwالتutorialsiiit.com/result_other_exam/).

What makes BT different?

5. Well Equipped Classrooms, Study Room & Library Facility

BT offers state of the art infrastructure at each of their centre with spacious, AC ventilated classrooms having Digital Boards. In addition to the classrooms, separate study rooms are maintained which are dedicated for students for their self study. Students can also make use of the various reference books available in the library.

6. Counseling Session after JEE Advanced Result

A detailed counseling session is conducted for all the students after their JEE and other exam results are declared. In this session, along with the teachers, senior students from BT, who have joined various IITs and other top colleges like NIT's, BITS etc. participate and guide the passing out batch on the right options to choose as per their merit and interest.

7. Student Mentorship Program

At BT, every student is assigned a personal mentor to support them throughout their academic journey. These mentors are young, enthusiastic trainee teachers who have recently graduated from premier institutes such as IITs and NITs. They interact with students regularly, discussing their academic progress in detail, including daily study routines and overall performance. Mentors closely monitor each student's growth and also stay in touch with parents to keep them informed. Beyond academics, they act as an elder brother or sister, offering guidance, motivation, and emotional support whenever needed. Mentoring sessions will formally begin once fully offline lectures commence across all centres, ensuring more structured and effective interactions.

8. BT Culture

Out of the box events like Whizz-kid (Puzzle Competition), Felicitation Function in which meritorious students are awarded with Cash Prizes, Staff birthday celebrations, Picnic with 12th passing out students along with the faculty, Seminars, Counselling Session after JEE Advanced result etc truly make BT different.

9. Interaction with parents on child's progress

We ensure that we stay connected with parents through various ways and keep them in loop with respect to their child's progress during the preparation. Parents are also sent absenteeism SMS on daily basis and test results with detailed analysis after every test. We also conduct a seminar on effective parenting where we share our views on how parents can contribute in child's studies. PTM is occasionally conducted where one to one feedback is provided to them etc. Parents can also meet teachers occasionally after the lectures. Thus, parents are kept totally involved during the entire journey so that we work together for the intellectual growth of the child.

10. Insightful Seminars

In addition to the regular lectures, special seminars on various topics are conducted at regular intervals to guide the student on mental and other aspects which are important for JEE preparation along with the academics part. Special seminars/interaction sessions are also conducted with parents where we discuss with them as to what can be their role on their child's preparation. This ensures that students are highly motivated and aware about all the important aspects during their JEE preparation journey.

Akshat Chugh

JEE Adv 2017 AIR 2 - Maharashtra Topper

All those hours spent in class studying, discussing and laughing cannot be forgotten. I have no doubt that I would not be able to get even a triple digit rank without BT. The teachers here are truly amazing. They know exactly what works and exactly when to push students. I had never seen such passionate teachers before joining BT.

JEE Adv 2020 AIR 7 - Maharashtra Topper

Vaibhav Bakliwal sir is the most passionate and enthusiastic visionary I have met. His mentoring and mental preparation strategy helped me remain calm and composed during my preparation and exam.

The teachers in BT are very dynamic and guide students in all aspects of preparation.

I wish to express my gratitude towards the entire BT team

JEE Adv 2022 AIR 7 - Maharashtra Topper

What I will remember the most about BT is the culture. The breezy lectures that helped us study without pressure, the friendly and close teachers who were also our mentors, the close-knit social circle of the students; all of these are what make BT special. I will always remember these crucial, yet enjoyable years.

I am very grateful to my teachers at BT-Vaibhav sir, C.M. Sir. They have taught us so well, I wonder if I will ever get better teachers, even @ IITB! Now, it has been a long association over 4 yrs, that I have been at BT and memories of this bond will help me get going through rough and tough patches of life.

Especially Vaibhav sir, whose mental preparation techniques gave me confidence that I really could crack IIT. He also taught me how to learn physics, and how to really dive into a topic. If I got a chance to do this again, I surely would, and would strive to do my best, as was the most important lesson given by BT to me.

My journey here at BT was a very memorable and fantastic road. I found a friend group with the same focus, and we would resonate so well and helped each other grow and learn. The teachers here were absolutely wonderful, with deep conceptual knowledge and an incredible eagerness to help the students with doubts.

JEE Adv 2021 AIR 46 - Pune Topper

I joined BT in 8th grade for the foundation course which helped me appreciate logical reasoning and I pursued the spl. comp. course in physics for 2 years (9th, 10th) which helped me appreciate the power of fundamental thinking. In all these courses all the teachers I have encountered & all my peers have been very friendly and willing to discuss anything freely, all thanks to this wonderful culture of BT.

IIT JEE 2011 AIR 53 - Pune Topper

I have no idea what might have happened on 10th April 2011, had I never joined BT. Maybe I wouldn't have qualified at all... maybe I would have narrowly qualified with a rank in the 9000s. It's impossible to predict. But one thing is of sure - These two years spent preparing for JEE would surely not have been as much fun!

These two years in BT were, quite simply, AWESOME. I studied the hardest I had ever in my life, and I also did the most to enjoy myself these two years. And if I could turn back time, I'd do it again, no doubt.

I have studied at Bakliwal Tutorials-IIT for 4 years starting at my XI standard. What a journey it has been! All the BT teachers are amazing who take infinite pains teaching us all there is to know and guiding us in understanding the various concepts. They have been with us at all decisive moments during last 2 years. They never hesitated to help us.

Abhro Bhuniya **JEE Advanced 2016 AIR 54 - Pune Topper**

"The quality of assignments provided by teachers always kept my mind sharp and their patient doubt clearing helped in strengthening my concepts. BT is one of the rare institutes where topics are not spoonfed but instead stepping stones are provided by the teachers."

My main phase of preparation was the Comprehensive Course in 11th & 12th. These 2 years have been the most fruitful & memorable years of my life, and not only did I study PCM in great depth, but I also transformed as a person. In my opinion, JEE is not only a test of PCM skills, but also of perseverance, dedication and presence of mind.

Vedant Talegaonkar **JEE Advanced 2022 AIR 89 - Pune Rank 2**

I got an AIR of 5883 in my 1st attempt. I knew I had not worked as hard in my 11th and 12th and hence hadn't performed to the best of my potential. This is when I was wisely advised by VB sir to give it another shot and join the juniors batch at BT.

Kevin Daniel **IIT JEE 2012 AIR 92 - Pune Topper**

I had joined BT way back in class 8, as a little boy... Perhaps the best way would be to expand "BT" differently. Thank You BT for, 'Brilliant' Teachers, 'Beautiful' Team, and most importantly, 'B'lessful 'Times!!! 😊

Kalpesh Krishna **JEE Advanced 2014 AIR 93 - Pune Topper**

Joining BT has been an amazing journey. The teachers, study materials and support helped me grow and stay focused. I learned how to work hard and stay strong during tough times. BT made my dream possible and I'm really thankful for everything it has given me.

BT is about more than just PCM or an exam. It is about falling in love with these subjects, it is about thinking logically, and most of all it is about the habits and values needed to live a full life.

The teachers at BT were always enthusiastic to teach which made me excited to learn. The type of healthy competition I faced at BT couldn't be recreated anywhere else. I am thankful to both my teacher and peers for this experience and also my success. If given the opportunity, I would do it all over again.

Abhinav Sharda **JEE Advanced 2024 AIR 338**

I joined BT in 9th grade and it has been a wonderful journey. I want to thank all the teachers, the staff and my peers for their constant support. The environment at BT helps promote healthy competition among students. The teachers are very approachable and open to doubt solving 24-7. The systematic tests (and their analysis) helped me in highlighting my weaknesses. Choosing BT has been the right choice.
