(Where Best students meet Best teachers)

Leaflet for Compact Course

**1-year JEE course for students who have secured
90 Percentile or Above in JEE Main 2026**

[Available in Offline & Online mode]

At Bakliwal Tutorials (BT), for the last 20+ years, we have served thousands of impressionable students who have turned into rational, ethical, and influential beings, contributing to a better society. Throughout this journey, students and parents have graciously bestowed immense affection and support upon us. As we have completed our 20 years this year, we feel humbled and grateful. We pledge to continue innovating and providing top-quality services to our students. Year after year, BT consistently produces the highest number of JEE ranks (Top 1000/ 2000/ 5000/ 10000/ Overall) in Pune, with one of the best success ratios nationally. Known for our ethics and transparency, we are the only institute in the country that publishes the contact details of all our JEE Advanced qualified classroom students along with their other achievements. We encourage parents to make informed decisions by objectively comparing results on institute websites, rather than relying on marketing claims.

Director's Desk

Hearty Welcome!

We appreciate your sincerity and determination to clear the important examination ahead of you. Your decision to consider Bakliwal Tutorials to be your trainer bears ample testimony to your resolve.

Every smart individual realizes the importance of an expert help at the right juncture. Behind every Edmund Hillary triumphantly waving a flag at the pinnacle lies months of toil under the watchful eyes of a committed trainer. For the past 20 years, we at BT have been the trainers for many such successful students. So, do we have some magic formula that will open the gate of a favorite institute for you? No, we do not.

There is no substitute for all the hard work that you alone must put in. What we do have is the knowledge, expertise and the right classroom culture. Our knowledge will tell you how to channelize your efforts and how to focus your attention so that you are able to achieve maximum in minimum time. Our expertise will take you through so many simulations that when you face the real test you will have confidence of being on familiar ground. Our classroom culture will help you stay positive and motivated throughout.

We have a simple definition of our success: **When you succeed, we succeed.**

Once again welcome to the BT family, welcome to success!

Sincerely,

Vaibhav Bakliwal

Mr. Vaibhav Bakliwal did his B.Tech in Mechanical Engineering from IIT Bombay after which he worked with TATA motors for a year. But his penchant for teaching made him build Bakliwal Tutorials (BT) in April 2005. BT began with the aim to help students preparing for JEE, realize their dreams; and to make sure that the preparation process itself becomes a fun-filled and growth-involving experience.

The institute is successfully doing so and is now training more than 6000 students studying in different courses at its various centers. BT is a leading institute for JEE and has produced many Maharashtra Toppers and single digit All India Ranks.

Apart from his love for studies and students, he also loves music, solving puzzles and playing chess. He has been Rajasthan Under-15 & Under-18 Chess Champion and has played in many National level championships. He was also class representative for his batch, General Secretary for the Mechanical Department and board games secretary for the institute at IIT Bombay.

Vaibhav sir very deservingly is also the Vice President (Academics) of the Coaching Federation of India (CFI). He has truly been an inspiration to thousands of students aspiring for the coveted IITs.

Committed to create ethical, rational & powerful human beings who will bring a positive difference to the society.

Upholding 20 Years of Legacy

- We have affectionately served many **tens of thousands** of impressionable students who have turned into **rational, ethical, and influential** beings, contributing to a **better society**.
- The way we focus on **concepts & logic** rather than **rote learning**, our students experience the joy of learning which stays with them through **college and beyond**.
- Most BT alumni are **excelling at IITs** & in their careers. For example, recently, at **IIT-Bombay**, our student **Vedang Asgaonkar** was conferred the prestigious **President Gold medal** for being the overall batch topper across all departments.
- At BT, we celebrate **Logic** and we have been the **pioneers** of the **Foundation course in Pune**, which we introduced in **2006**, setting a trend in **early preparation**.
- We have had **single digit ranks in JEE seven times**. No other institute in **Pune** has ever produced a single digit rank in **JEE Advanced**. Apart from the top ranks, the **total number of students** from BT that go into **top colleges** is **unparalleled**.
- Most national players are **financially struggling** & have expanded uncontrollably through franchisees. We are a **strong & stable organisation** with no franchisees and our **commitment** towards students is **unmatched**.
- We attract the best of the teachers from across the country due to our **ethical work Culture** and **rewarding remunerations**.
- As we complete our **20 years**, we feel **humbled and grateful**. We pledge to continue **innovating** and providing **top-quality services** to our students.

About Compact Course

Course details

Cracking highly competitive engineering entrance exams like JEE requires more than just conceptual clarity. It demands precision, exam temperament, and the ability to consistently perform under pressure. The Compact Course is specially designed for serious aspirants who have already undergone foundational preparation and are now focused on maximizing their rank.

This program is structured to bridge the gap between knowing concepts and applying them effectively in the exam. The course focuses on:

- **Concept Refinement & Gap Bridging** - Strengthening core concepts by identifying and correcting weak areas from previous preparation.
- **Advanced Problem Solving** - Intensive practice of high-quality, exam-level problems to enhance depth of understanding and application skills.
- **Accuracy & Speed Optimization** - Developing the ability to solve questions with precision under time constraints through regular timed practice.
- **Strategic Test Practice & Analysis** - Frequent tests designed on the latest exam patterns, coupled with detailed performance analysis to improve rank potential.
- **Exam Temperament & Consistency** - Building the right mindset, discipline, and consistency required to perform at peak level in JEE.

This one-year rigorous program (1200+ hours of classroom coaching) is crafted to help students convert their existing preparation into a top rank by focusing on smart work, strategy, and execution.

- At the beginning in June month, **6 lectures per week** will be conducted to recalibrate fundamentals and align students with the program.
- From July onwards, the schedule intensifies to an average of **8 lectures per week**, ensuring comprehensive syllabus completion well ahead of the JEE exam, leaving ample time for revision and full-length test practice.

With a focused peer group and a competitive academic environment, this course empowers students to push their limits and achieve their true potential.

Course formats

The Compact course is offered in 2 formats:

1. **Comprehensive Offline (completely offline)**
2. **Comprehensive Online (live streamed)**

About Compact Course

Parents Interaction by BT Team

Before the actual course starts, BT Team will interact with the students & their parents on **Sunday, 24th May**. This interaction will be done on zoom platform from 5.30pm onwards.

Zoom details shall be shared with interested students & parents two days prior to the session.

Start date of the course

The Compact course will begin from **8th June 2026, Monday**. If any student wishes to start early, we also have a systematic provision for the same. Please contact at **88888 66187 (Gayatri Madam)** or **88888 66189 (Nikhil Sir)** to know all the details.

Course Material & Online testing platform

BT provides all students with its detailed Course material in booklet form & an online testing platform. The course material comprises **18 booklets** with detailed theory & practice questions. Solutions to all questions are provided separately. Through regular online and offline JEE-like tests, we provide a detailed & personalized analysis of the student's performance like time spent to solve each question, subject-wise comparison with toppers, topic-wise strengths & weaknesses, etc., giving vital inputs for improvement in the examination technique.

Course Material Charges: Rs. 10,000/-.

Note: BT student may use the same material given to them in the Comprehensive 2026 course.

Batch Upgrade Option for Students having less than 90% ile in JEE Main

Students who have secured below 90 percentile in JEE Main will be enrolled under the Dual-Batch Program, wherein they will attend one Class 11 batch and one Class 12 batch simultaneously. These students will be required to appear for the monthly BTest conducted for the Class 11 & Class 12 batch. If a student secures a rank within the Top 500 across all Class 12 batches in any monthly BTest, they will be upgraded to the Compact Course Batch (students with above 90 percentile in JEE Main 2026) with immediate effect.

What makes BT different?

1. Unparalleled Genuine Results: Power of BT!

Unlike most institutes which do not even publish their result on their websites and thrive on fake results, we believe in absolute transparency. All the ranks mentioned by us belong to the general category unless otherwise specified clearly. All the results correspond to our classroom students. We have also given contact details of all our IIT-JEE/JEE Advanced qualified students till date, on our website, in the results section. We are yet to come across an institute in entire India which has the honesty, courage & confidence of declaring their results, consistently year after year, in such a transparent manner.

2. Offline & Online tests with detailed analysis

Offline and Online Tests at BT (called BTests) are thought provoking and bear close resemblance to the actual JEE paper. We analyse the tests from a student's perspective providing detailed and in-depth analytics on time management and test taking strategy. The analytics for the Online test are available immediately after test submission. The analytics of the Offline test are emailed in a couple of days.

Some of the parameters on which students' performance is analysed are mentioned below:

- **Subject Analysis:** Students get to know their performance in each subject along with time spent per subject per question.
- **SWOT Analysis:** Students can clearly see the topics in which they are strong or weak and then can easily decide the time to be spent on each topic going forward.
- **Analysis as per question type:** Questions in each test are tagged as per various types (single option correct, multiple options correct, integer type etc.) and students get to know how they fared under each type giving them an understanding of where they need to improve.
- **Attempt Analysis:** A unique analysis of questions attempted by the students' according to their difficulty level is provided to the students' to give an understanding of whether the easier questions were attempted earlier than the difficult questions or not.

3. Merit wise batches

Merit based batches is one of the attributes that is common across all the successful JEE institutes across the country. It is a proven fact that when students study with peers of relatively same intelligence level, they are able to learn more and even the teachers are able to plan their lectures well. This also creates a spirit of positive & healthy competition among the students.

4. Focus on Boards & MHT-CET as well

We at BT teach the basic concepts so well that the student understands the subject to the core and then it is just a matter of a little bit of tuning according to the different exams. We ensure that the students get thoroughly prepared for the board exams & other popular exams like MHT-CET, BITSAT, Olympiads etc as well. After the syllabus is completed in 12th std (sometime in October), we conduct special lectures for Boards/BITSAT/MHT-CET preparation. In such lectures, students are trained as per the different pattern of these exams and mock tests of all these exams are also conducted. Students at BT have been doing exceptionally well in Boards, BITSAT, MHT-CET & other exams (details of the same have been updated on the website link: https://www.bakliwالتutorialsiiit.com/result_other_exam/).

What makes BT different?

5. Well Equipped Classrooms, Study Room & Library Facility

BT offers state of the art infrastructure at each of their centre with spacious, AC ventilated classrooms having Digital Boards. In addition to the classrooms, separate study rooms are maintained which are dedicated for students for their self study. Students can also make use of the various reference books available in the library.

6. Counseling Session after JEE Advanced Result

A detailed counseling session is conducted for all the students after their JEE and other exam results are declared. In this session, along with the teachers, senior students from BT, who have joined various IITs and other top colleges like NIT's, BITS etc. participate and guide the passing out batch on the right options to choose as per their merit and interest.

7. Student Mentorship Program

At BT, every student is assigned a personal mentor to support them throughout their academic journey. These mentors are young, enthusiastic trainee teachers who have recently graduated from premier institutes such as IITs and NITs. They interact with students regularly, discussing their academic progress in detail, including daily study routines and overall performance. Mentors closely monitor each student's growth and also stay in touch with parents to keep them informed. Beyond academics, they act as an elder brother or sister, offering guidance, motivation, and emotional support whenever needed. Mentoring sessions will formally begin once fully offline lectures commence across all centres, ensuring more structured and effective interactions.

8. BT Culture

Out of the box events like Whizz-kid (Puzzle Competition), Felicitation Function in which meritorious students are awarded with Cash Prizes, Staff birthday celebrations, Picnic with 12th passing out students along with the faculty, Seminars, Counselling Session after JEE Advanced result etc truly make BT different.

9. Interaction with parents on child's progress

We ensure that we stay connected with parents through various ways and keep them in loop with respect to their child's progress during the preparation. Parents are also sent absenteeism SMS on daily basis and test results with detailed analysis after every test. We also conduct a seminar on effective parenting where we share our views on how parents can contribute in child's studies. PTM is occasionally conducted where one to one feedback is provided to them etc. Parents can also meet teachers occasionally after the lectures. Thus, parents are kept totally involved during the entire journey so that we work together for the intellectual growth of the child.

10. Insightful Seminars

In addition to the regular lectures, special seminars on various topics are conducted at regular intervals to guide the student on mental and other aspects which are important for JEE preparation along with the academics part. Special seminars/interaction sessions are also conducted with parents where we discuss with them as to what can be their role on their child's preparation. This ensures that students are highly motivated and aware about all the important aspects during their JEE preparation journey.

JEE Adv 2017 AIR 2 - Maharashtra Topper

All those hours spent in class studying, discussing and laughing cannot be forgotten. I have no doubt that I would not be able to get even a triple digit rank without BT. The teachers here are truly amazing. They know exactly what works and exactly when to push students. I had never seen such passionate teachers before joining BT.

What I will remember the most about BT is the culture. The breezy lectures that helped us study without pressure, the friendly and close teachers who were also our mentors, the close-knit social circle of the students; all of these are what make BT special. I will always remember these crucial, yet enjoyable years.

I am very grateful to my teachers at BT - Vaibhav sir, C.M. Sir. They have taught us so well, I wonder if I will ever get better teachers, even @ IITB! Now, it has been a long association of 4 yrs, that I have been at BT and memories of this bond will help me get going through rough and tough patches of life.

Especially Vaibhav sir, whose mental preparation techniques gave me confidence that I really could crack IIT. He also taught me how to learn physics, and how to really dive into a topic. If I got a chance to do this again, I surely would, and would strive to do my best, as was the most important lesson given by BT to me.

My journey here at BT was a very memorable and fantastic road. I found a friend group with the same fun, and we would resonate so well and helped each other grow and learn. The teachers here were absolutely wonderful, with deep conceptual knowledge and an incredible eagerness to help the students with doubts.

Soham Joshi

JEE Adv 2021 AIR 46 - Pune Topper

I joined BT in 8th grade for the foundation course which helped me appreciate logical reasoning and I pursued the spl comp course in physics for 2 years (9th, 10th) which helped me appreciate the power of fundamental thinking.

In all these courses all the teachers I have encountered & all my peers have been very friendly and willing to discuss anything freely, all thanks to this wonderful culture of BT.

IIT JEE 2011 AIR 53 - Pune Topper

I have no idea what might have happened on 10th April 2011, had I never joined BT. Maybe I wouldn't have qualified at all... maybe I would have narrowly qualified with a rank in the 9000s. It's impossible to predict. But one thing is of sure - Those two years spent preparing for JEE would surely not have been as much fun!

These two years in BT were, quite simply, AWESOME. I studied the hardest I had ever in my life, and I also did the most to enjoy myself these two years. And if I could turn back time, I'd do it again, no doubt.

I have studied at Bakhtwal Tutorials-IIT for 4 years starting at my XI standard. What a journey it has been! All the BT teachers are amazing who take infinite pains teaching us all there is to know and guiding us in understanding the various concepts. They have been with us at all decisive moments during last 2 years. They never hesitated to help us.

Abhiro Bhuniya **JEE Advanced 2016 AIR 54 - Pune Topper**

My main phase of preparation was the Comprehensive Course in 11th & 12th. These 2 years have been the most fruitful & memorable years of my life, and not only did I study PCM in great depth, but I also transformed as a person. In my opinion, JEE is not only a test of PCM skills, but also of perseverance, dedication and presence of mind.

Vedant Talegaonkar **JEE Advanced 2022 AIR 89 - Pune Rank 2**

I got an AIR of 5883 in my 1st attempt. I knew I had not worked as hard in my 11th and 12th and hence hadn't performed to the best of my potential. This is when I was wisely advised by VB sir to give it another shot and join the juniors batch at BT.

Kevin Daniel **IIT JEE 2012 AIR 92 - Pune Topper**

I had joined BT way back in class 8, as a little boy... Perhaps the best way would be to expand "BT" differently. Thank You BT for, 'Brilliant' Teachers, 'Beautiful' Team, and most importantly, 'B'lessful 'Times!!! 😊

Kalpesh Krishna **JEE Advanced 2014 AIR 93 - Pune Topper**

“

At Bakliwal Tutorials, our Faculty is our greatest strength. Our team of seasoned educators, subject matter experts and passionate mentors are dedicated to unlock your child's potential.

Over the years, more than 10,000 teachers have applied at BT. Through a stringent selection process, we select the best out of them. Unlike other coaching classes which have only 1 or 2 'good' teachers, each and every faculty at BT is extremely knowledgeable, approachable and passionate about teaching. This is in line with the BT's value system that each and every student is taken due care of and that student maximizes his/her performance and surpasses one's own expectations.

Feedback of almost all teachers at BT, as frequently taken from students, is more than 9.3 out of 10 for most teachers.

”

Along with the regular faculty, BT has around 30+ Trainee Teachers from various IITs/NITs. They are young teachers who've themselves gone through the JEE preparation journey recently. They assist students with their doubts in both online and offline mode. They are also involved in the Student Mentoring Program and guide each and every student with a one-to-one mentoring sessions.
